

## Reading Response Journal

# Summary

By Ella W.

Dawn, Darby, and Delany wanted to spend the summer eating ice cream, playing with their dog, and reading about the United States' presidents. But they're stuck helping their big sister Lily plan her wedding with someone that they don't want her to marry. So they come up with a plan to stop the wedding and have Lily marry someone else. Then, when the groom has an allergic reaction to some flowers, he can't marry Lily and the girls' plan works.

### QUOTATIONS

*"The florist for the wedding had a green thumb."*

This does not mean that the florist has a green thumb as in the color. It means that the florist is very good at gardening.
